Pricing: Pricing listed above is per search. Credit Reports: A setup fee is charged only if the client requests a credit search. Because credit bureaus have required that all organizations running credit reports must have a site visit with a third-party administrator, we pass the cost for this to the client, a one-time fee of \$125.00. Out-of-Pocket Expenses: Out of pocket expenses would include county court access fees (where applicable) to perform county criminal searches. Driver Record report/\$4.00 plus state fee, Drug screening \$30 (added to package price selected).
